NEW Crescent® RapidVise® Advantage!

- Self-adjusting, non-knurl design is 3 times FASTER than traditional locking pliers & c-clamps
- Increase your productivity, decrease down time, get jobs done quicker
- Jaw pressure dial let you control gripping power
- Locking plier has angled tooth design positions teeth for better grip
- C-clamp with swivel-pads are for easily marred surfaces
- C-Clamp with regular tips are for general clamping and welding
- Compound action for powerful non-slip locking grip
- Finger recess makes closing handle easier
